What people think in Grove Hill

When we spoke to people in Grove Hill at the end of last year, we had 171 responses from people in the community about what they thought was important in your area.

We'll use this information, as well as your thoughts and ideas, to plan how we can support and implement your ideas in the coming year.

The main issues people talked about were:

Activities for children

20 responses said there weren't enough activities for children in the area.

Community issues

14 responses said that issues such as police numbers, CCTV, fear and safety at night were important.

The environment

35 responses were about the local environment being important. This includes issues like litter, potholes, tidy gardens and park areas.

Crime and anti-social behaviour

67 responses were about anti-social behaviour. This included crime, drugs and alcohol, gangs, noise, nuisance driving and motorbikes.

To make real change in your community, people need to work together. So as well as our Big Clean Up, we're launching a locality plan and community forum to help you have a voice and make your area an even better place to live.

To get involved, come along during the Big Clean-Up or get in touch using the details overleaf.
