Stockton Annual Review 2019/20

At Thirteen, we've been working to help improve the lives of people in our neighbourhoods for years.

We provide homes, support and opportunities to grow.

We're a not-for-profit organisation and focus on delivering our charitable objectives of providing housing, care and support for those who need it.

Thirteen is the largest housing association in the region, managing 34,000 homes across the North East and North Yorkshire. In Stockton, Thirteen provides 11,695 homes.

The range of services that we provide has a far-reaching impact for tenants, customers and the wider community across our area.

This document gives you some quick and accessible information about the performance of Thirteen.

It gives details about our performance in several important areas across the organisation and some of the things we've done to improve our services between April 2019 and March 2020.

We also have more information about performance and Thirteen's impact on the area on the website at www.thirteengroup.co.uk/aboutus.

Customer satisfaction with services

Customer satisfaction is a major focus for Thirteen.

We listen carefully to what customers tell us through a number of surveys that we carry out with them.

Repairs in customers' homes

We carry out a range of repairs in our customers' homes to ensure they're kept in a good condition.

Since April 2018, we have fundamentally changed the way we work in our neighbourhoods.

Tenants and customers told us that they wanted our staff to be more visible in neighbourhoods, helping them to deal with the issues they face on a day-to-day basis.

So, we adopted an operating model to put neighbourhoods at the heart of our business, with more neighbourhood co-ordinators managing a reduced number of properties.
