How to find us

Road:

From the A19: Take the exit for Stockton town centre and Portrack Lane and head up Portrack Lane towards Stockton. Turn left at the second roundabout, onto Dugdale Street. Go straight to the end of the road and Northshore is in front of you.

From the A66 westbound: Take the exit for the A19 and follow the right hand side slip road over the A66, heading for the A19 northbound. Stay on the slip road along the side of the A19 and follow it down and onto Portrack Lane. Then follow the directions above.

From the A66 eastbound: Take the exit for Stockton and Ingleby Barwick onto the A135 and head towards Stockton. At the main traffic lights at the crossroads, get into the second lane and go straight over onto the A135 along the riverside. At the next set of traffic lights, get into the right hand lane and follow the road round to the right, where a sign for Northshore will be above you, onto the North Shore Link road, then bear left at the lights onto North Shore Road. The Northshore building is the first building on your right.

Rail: We are a ten minute walk from Thornaby Rail Station. Exit the station over the footbridge and then head north towards Stockton Riverside College and Durham University; we are just across the Infinity Bridge.

Where to park

Please use the car park immediately adjacent to the building; disabled bays are clearly marked and there are four electric charging posts that are free to use. In the event that the car park is full there are some two hour spaces nearby on North Shore Road.
