Norton Grange fun day

We went along to a special fun day earlier in the year to support the community in Norton Grange.

We went along with partners Groundwork and North Star Housing Group for the day which was organised by the Norton Grange Housing and Community Co-op.

The event was a great success and attended by many residents from the estate who received a range of information and advice and got involved with fun activities for all the family.

Thirteen self-service

We're encouraging customers to register onto Thirteen's self-service website. The site allows customers to request a home repair, view rent accounts, update personal information and tell us about a range of issues. For more details and to register, please visit www.thirteengroup.co.uk/SelfService.

Neighbourhood walkabouts

Angela Chappell is the neighbourhood officer for your area. She is regularly out and about in your neighbourhood and carrying out walkabouts on estates which you're welcome to join in with.

The walkabouts, also known as estate inspections, involve walking around the estates where Thirteen's homes are located, and identifying issues that might need to be tackled.

The dates, times and meeting places of walkabouts in your area are:

| Area | Time | Meeting point | Dates |
|---------------|------|--------------------------------|---------------|
| Norton Grange | 11am | Norton Grange Community Centre | 16 March 2018 |

Please come along and tell us what you think about your neighbourhood. If you can't make it to one of the walkabouts and there's something you'd like us to look at, please contact your neighbourhood officer using the details below.

Wall art

Work is due to start on creating wall art on the corner of Wolfe Road and Clive Crescent.

Feedback from residents is encouraged and if people like this mural, then further wall art could be carried out in other parts of the estate.

If you have any comments, please get in touch with us using the details below.

Free course - learn how to grow your own

Would you be interested in learning how to grow your own vegetables?

More and more people are growing their own veg as it's a cost effective alternative to the supermarket and everyone knows that eating more fruit and vegetables is good for you.

If this is something you've always fancied trying, but you're not sure how to get started, there's a free course to tell you more about the basics.

To secure a place, please contact me (Angela Chappell) on **0300 111 1000**.
