Infinity Riverside homes that bring living to life

Introduction

Working in partnership with Muse, who are a market leader in mixed-use development and urban regeneration, Thirteen are proud to be offered the opportunity to work on this unique riverside location. This is the third and final phase of a highly successful residential development and an integral part of the area regeneration which includes office buildings and a hotel.

As part of a site comprising 82 luxury homes, there will be 20 two and three bedroom homes available to buy through shared ownership* over the next 2 years.

*Terms and conditions apply.

Location

This impressive location, on the banks of the river Tees and adjacent to the inspirational Infinity bridge is ideal for commuters with easy access to both the A66 and the A19.

Rail links are excellent with local stations at Thornaby, Stockton and Middlesbrough and a direct link to London on the NE main line is available from nearby Darlington.

Locally, walks along the river take you the Tees Barrage or into the centre of Stockton where you will find an abundance shops, bars, restaurants and leisure facilities.

Homes you'll love to live in

Infinity Riverside has been designed to show an element of the continent, with courtyards replacing the traditional street scene, giving the area a more contemporary feel.

Inside, the open plan living space offers a flexible home that can adapt to lifestyle changes. Modern, light and spacious rooms are complimented by energy efficient features.

Surrounding Area

With excellent transport links, living at Infinity Riverside gives you access to some of the most beautiful landscapes in the UK.

From local parks and woods, to the beaches at Redcar and Saltburn, there is always plenty to entertain you, whatever your age.

Further afield, the historic cities of Whitby, York, Durham and Newcastle are easily accessible and with the North East Coastline and Northumberland not too far away, it is a great place to live.

Customer Excellence

Our aim is to get you into your new home as quickly and as stress free as possible. We have a team of Home Sales Advisors, all with a comprehensive understanding of shared ownership, who will support you throughout the process. Your dedicated advisor will also be on-hand for any post sale queries that you may have and to pick up any defects, which do occasionally occur on new build homes.

Shared ownership

Shared Ownership is a government scheme aimed to help buyers get on to the property ladder. You only need to afford to buy part of a property, not all of it.

Shared Ownership allows you to buy your home in stages, as you can afford it. This is called staircasing and you can buy more shares as and when you can afford it.

The scheme is suitable if you:

- Are a first time buyer
- Are living in rented accommodation or with family
- Have experienced a relationship breakdown
- Cannot afford to buy on the open market

To start with, a share percentage will be offered, which will be between 25-75%. This will be the share you take a mortgage out for and it will become yours. This means that your deposit will be worked out based on the share price.

Thirteen will own the remainder you don't buy and you will pay a discounted rent to Thirteen for this share.

Shared Ownership helps you get on the property ladder when you thought it wasn't possible.

It provides a shorter route to owning your own home.

Other benefits include:

- You can buy as much of the property as you can afford
- It's a great way to get out of the renting cycle and become a home-owner
- You can own a high quality, new build home affordably
- It's a manageable way to purchase a home without needing a huge deposit
- You own the home and can decorate it however you like
- You can sell your home at any time and will benefit from any increase in value

Further information on shared ownership can be found at www.helpstobuyneigh.co.uk
